Soon there is little left for the girl Andreita to enjoy her little house. The most important thing is that this home is designed with the conditions recommended by the medical team that treats your pathology: it is close to the polyclinic, excellent ventilation, a quiet area, spacious rooms and good comfort in general. The family thanks Mario Sabines Lorenzo (Governor of the province of Matanzas), Valia Molina Caballero (President of the Municipal Assembly of People's Power), Gladys Rodríguez López (Mayor of the Pedro Betancourt municipality), Roberto Serrano Suárez (Director of the UEB Contrucción Sur), and to all those who in one way or another have contributed to this endeavor, thank you very much
