

Today **February 22** with the closing of **February 21** at 12:00 p.m., **no positive cases of COVID-19** are reported.

- We have **2** active cases (**1 from the Pedro Betancourt area** ).
- Clinical discharges **2**. ( **1** from the Pedro Betancourt area and **1** from the Bolondrón area )

Since the beginning of the pandemic, the municipality has **50 cases** of COVID and from the new normality **48 cases**.

Let us comply with sanitary hygiene measures and prevent the spread of the pandemic.

**TAKE CARE OF YOUR LIFE AND THAT OF THOSE WHO SURROUND YOU!**

Measures that are adopted in the province of Matanzas before the change of phase:

- \* Mandatory use of the nasobuco .
- \* Leisure on the streets is limited. Only those who are doing some activity will be allowed in these.
- \* All suspects will be isolated in isolation centers.
- \* Likewise, those who are suspected by guards, investigations, etc. ,

- will be isolated.
- \* The economy and the school year will not stop, doubling the measures and the demands in these centers.
- \* The hotels will operate at 60%, except in the smallest facilities, where the capacity will be lower.
- \* The nightclubs in Varadero will work at 50%, while the restaurants will not provide
- \* table, but only in take-out or home food modalities, until 7:00 pm.
- \* The province is not closed nor will it close, but no state transportation will be allowed to leave the province.
- \* The interprovincial transportation Havana-Matanzas will be until January 12, then it will be suspended.
- \* A minimum urban transport will be maintained, only for those who go to work, in the morning and in the afternoon, and it will operate at 50% of its capacity.
- \* Visits to hospitals are suspended.
- \* Distance commerce, courier service and electronic commerce are resumed.
- \* All services will be brought closer to the neighborhoods to prevent the population from approaching the services.
- \* The Ministry of Internal Trade must guarantee chlorine for the population and institutions.
- \* There will be home sellers in all services.
- \* The SAF will bring your food home.
- \* Older adults must stay home.
- \* They will not open bars, nightclubs, cabarets or discos. Instead, those with conditions will sell meals for the day.
- \* Cultural activities reduce their

- \* capacities to 30%.
- \* There must be chlorine in all shops.
- \* Inquiries will be applied in all terminals, where there will be transportation to take the suspects to the isolation centers.
- \* Inter-municipal transport is reviewed.
- \* Only emergency or essential surgical interventions will be performed.
- \* Gyms, beaches and swimming pools are closed to the public.
- \* The possibility of leaving interns in schools for students from municipalities is being studied, and in those from Matanzas to apply a rigorous daily investigation.
- \* Each boarding school must have a doctor and water cannot be lacking.
- \* All municipalities must have a center for suspects.
- \* The non-state worker may also sell over the counter or at home.
- \* Contacts of confirmed cases must remain inside the home, failure to comply with this measure will be treated as a crime.
- \* Disinfection of the streets and main avenues will be carried out again.
- \* All religious ceremonies are suspended.
- \* Cars with loudspeakers will be taken out onto the streets to give information to the people and those on the streets.
- \* Extension of passes for internal students is being studied, lengthening the stay in scholarships.
- \* Administrative, legal and criminal measures will be increased for those who violate what is established by the Defense Council, including those responsible for not

- \* enforcing the measures in their institutions.  
Those who do not comply with their obligations or violate hygienic-sanitary measures will be prosecuted for the spread of epidemics and others related to the Penal Code.
- \* The Municipal Defense Councils are activated in the territory, with all their groups and subgroups.
- \* After 7:00 pm you cannot be on the streets without justification, a measure that is adopted to protect Matanzas families.
- \* Foreigners in private homes will be kept under strict control.
